Re: Summary of Court Ordered Conference between Yuri Petrini and Robert Harenski.
Cause No.: 1:25-cv-254-LG-RPM.

Mr. Petrini:

Please allow this letter to confirm and summarize our Court Ordered meeting on September 30, 2025. In that meeting, we discussed that you would like my assurance that, if the City of Biloxi intends to file criminal charges against you in the future, you will be afforded due process protection. While we certainly believe you have received such due process for the prior charges, you have my assurance that:

- 1) If the City of Biloxi finds you to be in violation of a City Ordinance that provides for an opportunity for you to cure prior to the filing of criminal charge(s), you will be given notice of the alleged violation and an opportunity to cure said violation, prior to the filing of any charges against you.
- 2) Prior to any warrant being issued against you, a Prosecutor will review and approve the Criminal Affidavit going forward to the Judge.
- 3) Prior to any warrant being issued against you, Judge Ready (or, in her absence, another Municipal Court Judge) will review the Criminal Affidavit to determine whether probable cause exists to believe that (a) a crime has been committed, and (b) that you may have committed that crime.

It is also my understanding that for my extending these assurances to you, you will dismiss me from the pending litigation in Cause No.: 1:25-cv-254-LG-RPM, without prejudice, and not add me to any Amended Complaint that may be filed.

If I have misstated any part of our conversation, please let me know. Otherwise, please sign in the space provided below, and return it to me.

Respectfully,

Robert G. Harenski
Senior Municipal Prosecutor
City of Biloxi

Yuri Petrini
